"CURTAIN TIME" AT WOMAN'S CLUB

"Curtain Time," a dramatic review of current hits on Broadway, by Lois Daley will be the feature of the first meeting of the season for the Mattapoisett Woman's Club October 22nd at 2 P.M. in the Congregational Church parish hall. Mrs. Daley of Worcester, Mass. is a well-known actress and comedienne. Her interest in the theatre started while she attended grammar school and led to her taking courses at Carnegie Tech in Pittsburgh, Pa. and at Andover-Newton, Mass. Last season she took leading roles in "J.B.", "A Majority of One," and "Heaven Come Wednesday," for local dramatic groups. She has served for the past two years as drama chairman for the Worcester Woman's Club. The arrival of seven children and experience in the business world working with her husband have served only to heighten a keen interest in people and the drama of life.

Mrs. Daley has planned a trip to Broadway just prior to her appearance in Mattapoisett and will bring with her the latest comments about plays in the casting and planning stages. She will also present resumes about the newest and latest stars.

Mrs. Leonard A. Burnham, president, will be in charge of the business meeting. New members will be introduced by Mrs. Frank A. Oxnard, second vice-president and membership chairman. Baby-sitting service for members with small

Forecast for Fall... HEARTIER APPETITES!

It's a sure bet that your families' appetites will pick up in this brisk, cool autumn weather. Not only does the activities of school cause healthy hunger but the cold air also increases the need for more energy. This increase in the appetite could mean a decrease in the family funds. It will pay you then to investigate the prices at Little Bay. Not only do our customers have a wider choice of food but they buy a greater amount for less. Your greatest bargain is food. year as an adjunct to the evening school program, will, through informed speakers and an extended question and answer period, attempt to explore the divergent philosophies of the two major parties and the practical application of these conflicting theories to the problems of the day.

The first program Wednesday will be devoted to discussion of matters of national significance with subsequent forums to provide for more detailed discussion of State and local issues and the forthcoming State referendum.

Howard A. Roy, assistant State editor of the Standard-Times, will be moderator for the entire forum series.

Superintendent of Schools Joseph C. Kunces, in announcing the proposed programs, described the latest Adult Education project as "...a practical and noteworthy addition to our Evening School effort that hopefully will provide stimulating and informative discussion in an area ...practical politics...that has perhaps been too long ignored by the educational field."

The public is invited to attend, free of charge, all sessions of the forum and to participate in the question-and-answer period.

WALTER BRENNAN TO SPEAK IN MIDDLEBORO

A large gathering of interested voters met at the home of Mr. and Mrs. Frederic Bacon on Main Street, Marion to hear Howard Young speak on progress of the Goldwater Campaign in the State. Mr. Young feels very confident that the Goldwater Campaign is gaining tremendous momentum throughout the State - and graciously answered questions during the Coffee Hour.

Among those present was David Haley, Selectman and Chairman of the Town Committee in Mattapoisett and head of the Speakers Bureau for the Citizens for Goldwater. He is always glad to supply speakers for coffee hours or meetings, providing sufficient notice is given ahead of time.

The books "None Dare Call It Treason" and "A Texan Looks at Lyndon", were among the display of literature which was offered to those present, as well as car stickers For Goldwater, buttons and Citizens for Goldwater literature. Anyone desiring such material may call at the Bacon's home or at the Wareham Republican Headquarters.

The Citizens for Goldwater will hold a fund-raising dinner at Eugene's in Middleboro on October 23rd at 7:30 P.M. The guest speaker will be Walter Brennan of "The Real McCoys" and "Tycoon" television shows. Prominent

TO THE EDITOR:

I find that other sportsmen are as disturbed as I am regarding some of the unsportsmanlike characteristics of President Johnson. Sometime ago we saw pictures of him amusing White House visitors by pulling the ears of his beagles until they howled in pain. Following the National Convention of his Party, he and the candidate for Vice-President found amusement by chasing cows.

A revealing item, from the viewpoint of those having elemental human instincts regarding love of the out-of-doors and its creatures, is contained in "A Texan Looks at Lyndon".

Excerpt from page 245: "In the timbered Texas hills on the Johnson-Moursund hunting preserves, these two cronies (LBJ and Judge A. W. Moursund) sometime ago built a high and sumptuous hunting tower. Access from the ground is by elevator, and capping the tower is a glass-enclosed room, where hosts and guests may wait for the hapless game to be tolled into open range by the luscious growth of winter-oats in the field below."

Excerpt from page 246: "When dark enticed the unsuspecting bucks from the surrounding timber to graze in the lush field, Lyndon, the doughty hunstman and host, got up and switched on a searchlight, played it upon his prey, laid his rifle across the rampart, focused his telescopic sights upon the buck, and as a true "Dead-Eyed Dick" of the New Frontier, unerringly brought him down, and ordered his hands to retrieve and haul him away."

On pages 246, 247 and 248 is recounted the experience of Capt. E. M. Sprott, former head of the law enforcement division of Texas Game and Fish Commission, who, with two of his wardens were hunting on an adjoining preserve to that of the Moursund ranch properties. By Texas law, shooting of doves stops at sundown. As bombardment continued on the Moursund range, Capt. Sprott sent warden Grover Simpson in by car to check the game-bags. He returned and reported to his superior officer that Judge Moursund refushed to let him check. When Capt. Sprott accompanied his warden, he learned that Judge Moursund's hunting companion was then Senate Majority Leader Lyndon B. Johnson, now President of the United States.

Capt. Sprott filed a violation of the hunting-laws, and awaited the customary notification of hearing-date, which never came. He later learned that Judge W. E. Stevenson had dismissed the case.

Following this incident, Herbert Frensley, who had been appointed to the Game Commission, was needled by LBJ to fire the director, Howard Dodges, Capt. Sprott and Warden Simpson, but Frensley demurred. When LBJ's friend, Connally, became Governor, the time for retribution had arrived. Governor Connally appointed Judge Moursund to the Game Commission and plans were then announced to reorganize it into the Texas Parks and Wildlife Commission. Then career man Howard Dodges, after 18 years in the service, but still short of full retirement benefits, was fired, because he had backed up his men in the performance of their legal duties, seven years before.

Richard N. Holmes,
President, Sippican Rod and Gun Club.

PSAT AT ORRHS

Principal Donald N. Gavin of Old Rochester Regional High School announces that the Preliminary Scholastic Aptitude Test (PSAT) for juniors and seniors is scheduled to be given on Tuesday, October 20, 1964. This test is designed to assist students in estimating their ability to achieve success in a specific school of higher learning. The Guidance Department of the Old Rochester Regional High School recommends that juniors seriously consider taking this test. Seniors find the PSAT an excellent warm-up for the December SAT. All students in the National Honor Society, and seniors intending to apply for scholarship help should take this test.

The service fee has been reduced from $1.00 to 75 cents. Each student is asked to sign his name on the proper sign-up sheet in the Guidance Office on or before October 15.

HOUSE-TO-HOUSE CANVAS

The Mattapoisett Parent-Teachers Club will conduct a house-to-house canvas October 15, 16, 17 and 18 to collect money for visual reading equipment to aid all classes of the Center School. It is not a terribly costly device and with full cooperation from the families being called upon it should be able to be acquired. Marion has one in use at this time and it has been found to be most effective in the educational program.

PROGRAMS AT WOMAN'S CLUB

Mrs. Linwood C. Lewis, program chairman for the Mattapoisett Woman's Club, has announced the following programs for the rest

BALLS O' FIRE

A mixture of the Keystone Cops and Our Gang comedy at the Mattapoisett school grounds as the youngsters inspected an engine from the Mattapoisett Fire Department last Friday. The children participated in Fire Prevention week by rating fire hazards about the home. Proud wearers of the fire marshal's hats and badges, which they earned, the fourth, fifth and sixth grades took part. Average participation was over 90% with Miss Horne's fourth grade class highest with 96.5% just nosing out Miss Legee's fourth grade class which had a 96.4% participation.

THE NUCLEAR TEST BAN TREATY

I voted against the limited nuclear test ban treaty because all of our past relations with the Soviet Union demonstrate conclusively that the Soviets will abide by the provisions of any treaty or any agreement only so long as it is advantageous for them to do so.

I voted against it because the Soviet Union broke the testing moratorium in 1961, and, as a consequence, obtained a possibly imposing lead over the United States in their knowledge of high yield nuclear weapons. These tests may well have given the Soviet Union vital information, which the United States does not have, about the development of an anti-missile missile.

I voted against the treaty because it, in effect, "freezes" the Soviet Union in a superior position to the United States as regards the uses and effects of high yield weapons while leaving open the possibility of their "catching up" to us in the field of tactical nuclear weapons, since these weapons can be perfected by underground tests which are not prohibited by the treaty.

I voted against it because we have not acquired anything like the needed knowledge about the effects that high yield nuclear weapons might have, not only on our communications systems but on the operability of our nuclear weapons systems as well. We do not know enough about the effect of the electromagnetic pulses to defend and protect the systems we now have, much less to develop new ones.

I voted against the treaty because it precludes even the *peaceful* uses of nuclear explosives—for example, in the possible construction of another canal to replace or augment the present Panama Canal.

I voted against the test ban treaty because the Joint Chiefs of Staff indicated that there are military disadvantages inherent in its provisions.

I voted against it, in sum, because in my view all the disadvantages taken together far outweigh whatever advantages might be said to accrue to it.

If I were President, I can conceive of situations in which it would be necessary to abrogate the treaty. If I found it detrimental to the interests of the United States to continue to adhere to the treaty, I would use the treaty's own escape clause to release us from its provisions. I also feel there are important areas of amendment which should be sought immediately—particularly in the area of peaceful uses of nuclear energy.

Forant, chairman of voter's service, reported the Globe supplement giving a short resume on candidates running for re-election and newcomers to the political field will be distributed to every household in Marion. She reported on the number of Marion residents registering during the last voter registration session held. This will enable the newly registered voters to cast their ballot next month. Babysitting service and transportation will be provided during election day and voters desiring any of these services are requested to contact Mrs. Forant.

A workshop will be held at 10 A.M. November 10 at the home of Mrs. John R. Minter, Briggs Lane, on "Development of Human Resources." Any league member interested is welcome to attend.

N. B. ARTIST AT NURSING HOME IN MATT.

Mr. Harold Kenworthy, who is a former teacher at New Bedford Vocational High School and is well known locally as an artist, is now living at the Mattapoisett Nursing Home. In his years at Voke he taught many pupils from Mattapoisett and Marion, Mr. Kenworthy recalled. He named several who he had taught and who are now working locally. Mr. Kenworthy brought many of his paintings with him and they are now displayed on the walls of the halls and in the rooms of the other patients. Many of the pictures are watercolors of flowers which are colorful and skillfully executed. There are others of seascapes and landscapes. One very beautifully done watercolor is of a forest stream after a snowfall. This particular scene, Mr. Kenworthy has done in oils also and this painting hangs in his own room.

He plans to keep busy painting. All of the knowledge of his long career is now sharp and combined with the skill of long practice. He hopes to continue to sell his work and said that all of the paintings he has now are for sale. Mr. Kenworthy is a gentleman who obviously enjoys meeting new people and he said that he will be very glad to show his paintings to anyone who would like to see them. He is looking forward to visits from his old friends and pupils in the area. They can expect an enjoyable visit with this man of easy conversation and humor.

COFFEE HELD

Mrs. Kathryn Ellis Nowak and Mrs. Edna L. Borden represented the Marion unit of Women For Goldwater at a morning coffee held at the home of Mrs. Seabury Cook in New Bedford. Mrs. Nowak is chairman of the Marion unit, and both are members of the Marion Republican Town Committee.

Mrs. Nowak was the principal speaker, and she stressed the need for voters to be made aware of the double standards in namecalling which are being resorted to in the presidential campaign. No sooner had the Republican candidate been nominated than California's Governor

Brown announced that "the stench of Fascism is in the air."

Essential to Fascism, as it is to Communism, is a strong central government. It should be remembered that Goldwater advocates decentralization of the vast bureaucracy, and it was President Johnson who declared it to be his ambition to siphon off the wealth of the rich and distribute it among those who need it more.

Plans were discussed regarding a dinner sponsored by Citizens for Goldwater. Mr. and Mrs. Fred Bacon of Marion have been hosts at three coffee hours for Goldwater, Mrs. Borden is holding three on Saturday mornings at her home. Mrs. Nowak would like to hear from others interested in holding such gatherings.

She announced that over 160 women are now "Women for Goldwater" members.
